

HOUSE BILL 1105

By McCormick

AN ACT to amend Tennessee Code Annotated, Section 8-23-204; Section 8-50-1001 and Section 10-7-504, relative to state employee information.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

SECTION 1. Tennessee Code Annotated, Section 8-50-1001, is amended by adding the following new subsection:

(c) Each year, beginning July 1, 2017, and by July 1 each following year, the state shall provide any employee association meeting the requirements of § 8-23-204 information regarding all state employees', including higher education employees, current work site location; home telephone number; and residential information, including street address, city, state, and zip code. The state shall develop a method to allow any employee to indicate that the employee's information shall not be provided to a particular employee association. The state may charge the employee association a fee for providing the information and for the cost of providing an opt out method. The price charged shall not exceed the actual cost. The association shall maintain possession of the information and shall not share the information with any other person or entity. The association may use the contact information obtained from the state to provide information on the association's membership programs and issues affecting state employees.

SECTION 2. Tennessee Code Annotated, Section 10-7-504(f), is amended by adding a new subdivision:

(8) Nothing in this section restricts any employee association meeting the requirements of § 8-23-204 from obtaining access to state employees' work site location;

home telephone number; and residential information, including street address, city, state, and zip code.

SECTION 3. This act shall take effect upon becoming a law, the public welfare requiring it.
